

## BLACK BEAR SCORING GAME SCHOOL

The Black Bear Scoring Game School applies a practical, direct approach to golf instruction, honed through years of experience working with golfers of all ages. Studies have shown that golfers lose almost 80 percent of their shots to par inside of 100 yards. This is why our golf school curriculum focuses strictly on “The Scoring Game,” a combination of the short game (distance wedges, pitching, chipping, sand play) and putting, which comprise 60 to 65 percent of the total number of shots played per round. From three foot putts to full wedge and long bunker shots, at this truly unique golf school, you’ll learn to properly execute shots from any scoring position. Taught by Head PGA Professional Corey Baehman and Assistant Professional Bo Heidrick, this innovative school is designed to help golfers play all the shots on and around the green with confidence and consistency. Much more than a simple “golf lesson” this is the most effective and permanent way to lower your handicap.

Our philosophy is that golfers should know:

- What they need to learn to improve
- How to learn it
- How to internalize and use what they’ve learned
